In context of the Dubrovnik-Valetta Principles, adopted by the ICOMOS executive board on the 9th October 2009 in Valletta (Malta)

the ICOMOS NC of Slovenia will organise the first regional co-operation meeting of ICOMOS National Committees from the South-East European Region. The summit will take place in Ljubljana, between the 6th and the 8th October 2011.

The first preliminary discussion about the need of regional collaboration meeting of the South-East European space started unofficially on Dublin meeting in 2010 among the ICOMOS national representatives of Bosnia & Herzegovina, Croatia, Serbia, Macedonia and Slovenia. We thought it is really useful to follow the long declared goal of Valetta-Dubrovnik Principles through which ICOMOS develops and serves its worldwide goals. On this basis we gathered on the South-East European Group Meeting in Balatonfüred (Hungary) on the 3rd June 2011 and adopted some guidelines for regional active co-operation and agreed:

- ICOMOS NC of Slovenia will organise the first regional co-operation meeting for the representatives of the South-East European space in Ljubljana from 6th to 8th October 2011 and will invite NCs of neighbouring countries (Austria, Italy, Hungary) and NCs from countries developed from the former Yugoslav state (Croatia, Bosnia & Herzegovina, Serbia, Montenegro and Macedonia) to encourage cooperation
- the aim of the regional co-operation is to reinforce the promotion and the influence of ICOMOS in order to promote better understanding of the meaning of heritage;
- to reach a consent of active collaboration of all NCs of the group by exposed regional problems;
